Put information about PIARC and PIARC events translated in Japanese on JRA website

Autres choses	Other business	Otros asuntos
When we send Routes/Roads to PIARC members in Japan, we send a report of National Committee which include event information, report of meetings and summary of Routes/Roads in Japanese. In our country, translation in our language is quite important to convey information.		

## RAPPORT DÉTAILLÉ SUR DES POINTS CULMINANTS

### DETAILED REPORT ON HIGHLIGHTS

### INFORME DETALLADO SOBRE ASPECTOS DESTACADOS

Japan National Committee held the Annual PIARC TC Report Seminar on 16 June 2016. TC members for the new term reported the status of their activities including the results of Kick-off Meeting organized earlier this year. In addition, we had Mr. Jean-François Corté, the previous Secretary General, who took over the STC Coordinator for the new term, as a guest speaker.

After the Seminar, he delivered a presentation on PIARC activities focusing on the evolutions from 2002 to 2016 while he was in office, and considerations for the future. The experts and Mr. Corté exchanged their views on the expectations for the future.

Then the next day, NC organized another presentation by Mr. Corté on “Highway concessions and PPP contracts in France.” At these presentations, PIARC related personnel as well as other road-related experts gathered with strong interests on these themes.

We think that this kind of occasion having a guest from PIARC and a presentation about PIARC is very influential to the people who doesn't know about PIARC and PIARC activities.
